Made with Metabase

Enterprise BI Foundation

Start Date: February 1, 2026 ×

End Date: July 31, 2026 ×

Date filters apply across all sections; Active Customers uses End Date only (rolling 90-day window), all other metrics use the full Start–End range. Clear the filter to view figures across the full dataset. Definitions for individual metrics are available in each report's tooltip.

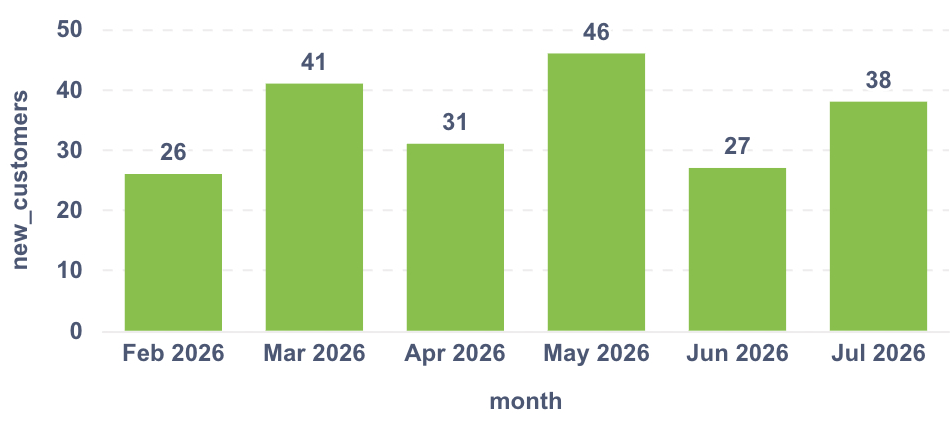

209	1,637	0.39M	0%
Total Customers	Active Customers	Total Revenue	NPL Ratio

9.02M	8.59M	5.61M
Total Origination Volume	Active Origination Volume	Total Savings Balance
